

Jody Buell

AIA, LEED AP BD+C

Associate | Project Manager

Jody brings a strong sense of technical and management expertise to the design and construction of recreation, institutional, and residential projects. She leads the project in all aspects of technical oversight, management, client, and staff communication. As a Project Manager, she is in charge of the business and contractual relationship between the client and the project team. Jody effectively organizes the work efforts of the project team and supervises the collaboration between the SCB staff and the Principal-in-Charge during all stages of the project.
